PROGRAMME

SEPTEMBER 2015

JOURNEY IN FAITH

This programme is a series of friendly, relaxed and interactive sessions for people to learn about the Catholic faith, with a view to becoming a Catholic, or for Catholics who did not receive the sacrament of Confirmation and now wish to learn more about their faith. The sessions will take place on Fridays in the presbytery (the Priest's house) at 8.05pm and each session ends promptly at 9.05pm. The programme will begin in late September. For further information contact the Parish office on 01384 395308. Please phone to book your place on the programme.

Below are testimonials from some of the people who participated in this year's sessions.

I had a little understanding of religion when I visited Rome, and on my return I felt a need to learn more about the Catholic faith.

From the very first time I stepped into Our Lady's I felt at home.

'Journey in Faith' has given me knowledge and understanding of Catholicism to know this is the right path for me.

I would encourage anybody to embrace this Journey which for me has been life changing and it's only just started.

Please don't think you're the odd one out as there are others just like you and there is always someone by your side to guide you along the way.

I have met some lovely people along the way who share the same belief and I am thankful every day for this wonderful gift I have been given.

All I would say to you is that it only takes one step.

Jane.

JOURNEY IN FAITH

My Journey in Faith began with us wanting our daughter Baptised. Because we could not find my Baptism certificate Fr Pat suggested that I joined the group. So I went along, at first to me it was about getting my daughter Baptised but I soon found out it was about me and my Journey into Faith.

I believed it was God's way of opening up my mind and heart to the way of God and his work. At the start we were a group of people on a journey before long we were a group of friends on this journey together.

Through Fr Pat and Deacon Tom we were guided on our journey. Things about the church were explained to which our minds and our hearts were filled, but most of all we were filled with the love we can all get from God our Lord.

When my daughter started questioning her faith and asking theological questions that I could not answer as a practicing catholic, I decided to sign up for the journey through faith.

The course is structured to guide participants through all aspects of the Catholic faith and as I was the only practicing catholic on the course, I approached it with an open mind. I have been amazed at how much deeper my understanding of my faith and church have become and how much more I enjoy Sunday Masses.

I would recommend this Journey to non – Catholics and Catholics who wish to deepen their understanding of their faith. I still may not have the answers for my daughter but at least I know now the beauty of finding out.
